PROFESSIONAL EXPERIENCE

Founder & CEO | Venom X Technology — Jaffna, Sri Lanka

Feb 2024 – Present

- Founded and lead a digital solutions brand delivering UI/UX design, web development, and branded media for local and international clients.
- Designed and shipped client projects including e-commerce, restaurant, and community websites, plus product tools such as PaperPress, a browser-based PDF converter with 13 tools.
- Manage the full client lifecycle: requirements gathering, proposals, design, delivery, and post-launch support.

UI/UX Designer Intern | 3axislabs — Jaffna, Sri Lanka

Feb 2026 – Jun 2026

- Produced wireframes, high-fidelity mockups, and interactive prototypes for client-facing web products in an agile team environment.

UI/UX Designer Intern | MindMap AI — Jaffna, Sri Lanka

Feb 2026 – Jun 2026

- Redesigned core product surfaces including the mind-map canvas, landing page hero sections, and in-app user manual for an AI-powered mind-mapping web application.

UI/UX Designer Intern | Zyner — United States (Remote)

Jan 2025 – Jun 2025

- Collaborated remotely with a US-based team on user interface design, contributing screens, components, and prototypes across web and mobile projects.

WordPress Developer & Video Editor | Lankajob — Jaffna, Sri Lanka

Jan 2024 – Present

- Build and maintain WordPress websites, handling theme customization, plugin configuration, performance, and on-page SEO.
- Edit promotional and social media video content in Adobe Premiere Pro, supporting the company's digital marketing campaigns.

Co-Founder | Degitalkeyz — Sri Lanka

Jan 2025 – Present

- Co-founded an e-commerce platform for premium digital products with instant activation and 24/7 support; led product design and web presence.

Search Engine Optimization Manager | ICT Foundation — Jaffna, Sri Lanka

Mar 2024 – Present

- Apply SEO keyword strategy to grow YouTube reach and audience engagement for the foundation's educational content.

UI Designer (Freelance) | Fiverr — Remote

Feb 2019 – Jan 2025

- Delivered UI design projects for international clients over 6 years, building long-term relationships through repeat orders and referrals.

UI/UX Designer | Bizanomics (The Gift Concept) — Sri Lanka

Jan 2023 – Jul 2024

- Designed wireframes, prototypes, and interactive UI designs for digital products and client campaigns.

LEADERSHIP & COMMUNITY INVOLVEMENT

Sri Lanka Ambassador | Newly — Sri Lanka

Mar 2026 – Present

- Represent Newly in Sri Lanka, building an AI and technology community through social media campaigns, workshops, and hackathon support.

Lead Organizer | ESU Jaffna Buildathon 2026 — Jaffna, Sri Lanka

2026

- Organizing a two-day student hackathon for ~100 students across AI, software, cloud, cybersecurity, and web/mobile tracks; led sponsorship proposals and partner outreach.

Student Council President | ESOF Metro Campus – Jaffna (two terms)

Feb 2023 – Mar 2025

- Elected President for consecutive academic years; led student events, represented the student body, and coordinated with campus administration.

Social Media Designer | Pathfinder Club, ESOF Metro Campus

Jan 2024 – Present

- Design thumbnails, posters, and social media creatives for club events and campaigns.

PROJECTS

Dev-Portfolio – Portfolio & Admin Dashboard | github.com/RavirajSarangan/Dev-Portfolio

2026

- Built a portfolio site with a fully dynamic admin dashboard to manage all content without touching code; implemented Supabase for backend, database, and secure authentication, deployed on GitHub Pages.

FlashTech – Collaborative Web Application | github.com/arthikandev/FlashTech

2026

- Contributed to a team-built web app, integrating Clerk authentication and improving the login/registration flow through a professional Git workflow of feature branches, pull requests, code reviews, and CI checks.

CamShield Remote Guard (CRG) – Real-Time Endpoint Camera Protection | Research Project

2026

- Designed a multi-platform security solution (desktop, web, mobile) that monitors and blocks unauthorised webcam access in real time, developed as the countermeasure component of a research study on remote desktop software exploitation submitted to EICON 2026.

AIX Lens – AI-Powered Misinformation Detector | Chrome Extension

2026

- Developed a Chrome extension using AI/machine learning to detect and flag potential misinformation on web pages in real time.

PresenceIQ – AI Avatar Visitor Intelligence Platform | CURSOR Colombo 24H Buildathon

2025

- Built an AI avatar platform with a pre-conversation visitor intelligence pipeline in 24 hours using Convex, n8n, OpenAI GPT-4o, ElevenLabs, and BeyondPresence.

PaperPress – Browser-Based PDF Toolkit | Venom X Technology

2026

- Built a fully client-side PDF web app with 13 tools where files never leave the browser; structured the multi-page static site with full SEO/AEO optimization.

MindMap AI – AI Mind-Mapping Web App | mindmapai.app

2025 – 2026

- Led UI/UX redesign across the canvas workspace, landing page hero, and animated in-app user manual.

Client Websites & UI/UX Portfolio | saranganraviraj.com/projects

2023 – 2026

- Delivered production sites including IT Hub ESOF Jaffna, Degitalkeyz, and Brasserie Esta (international client); published 20+ UI case studies on Behance, plus the in-progress Foodi food delivery app UI.

EDUCATION

BSc (Hons) Computer Software Engineering | London Metropolitan University

2025 – 2026

BTEC HND in Computing (Software Engineering) | ESOF Metro Campus – Jaffna

2023 – 2025

- Awarded the Higher Achiever Award for academic excellence.

Diploma in Information Technology | ESOF Metro Campus / ESU Sri Lanka

2023

Diploma in Cyber Security | ATN Campus, Colombo

2022 – 2024

G.C.E. Ordinary Level | J/Chavakachcheri Hindu College

2020/2021
